About Me

I love working as part of a team and thrive in the fast paced nature of the work. I'm known for my sense of humour and enjoy a bit of banter throughout the day. I'm punctual, reliable, and good at time management. I can self-manage my day and know what's priority, I can drive a manual car, stick shift, a 3-tonne truck and I'm handy with a few tools. I have basic sewing skills and am good with putting on set food together. I work at a fast pace, enjoy a challenge, and can easily cope with rapid changes.
