Profile

With over 10 years in the film industry, I bring extensive experience in the Unit Department, managing teams and coordinating the day-to-day logistics that keep productions running smoothly. I am organised, adaptable and take a practical approach to solving problems.

Working alongside my dad, Lehi Tahau, we manage a fleet of three unit trucks, supporting productions with crews of 30 to 120 people. Over those years, I have worked across the Gold Coast, Northern Rivers Brisbane, Sydney and Canberra, building strong relationships with reliable drivers and suppliers in each region.

We are supported by an experienced and enthusiastic unit team who adapt well to different locations and production needs. We take pride in being prepared, working together and finding solutions when challenges arise.

Tahau. Unit Film Logistics

Courtney & Lehi

Unit & Transport Manager

25 Years in the Industry

Lehi and Courtney are a father-and-daughter team with decades of combined experience supporting film and television productions across Australia. Combining expertise in transport logistics, unit management and on-set operations, they pride themselves on delivering reliable service, well-equipped unit bases and practical solutions tailored to the unique needs of every production. Working seamlessly together or independently, they have the capability to manage separate productions simultaneously, providing clients with the flexibility and confidence that every job is supported by an experienced Unit Manager.

Unit Manager &
Assistant Unit Manager

13 Years in the Industry

Unit Assistants

Our professional Unit Assistants deliver dependable, proactive support throughout the production day. With a focus on organisation, presentation and exceptional service, they help create a welcoming environment for cast and crew while ensuring the unit base remains fully stocked, clean and operating efficiently.

Vehicle, Trailer & Equipment Hire

Commercial Espresso Machines & Gold Coast Roasted Coffee Beans

We proudly partner with a local specialty coffee roaster, providing exceptional beans and professional-grade espresso machines to deliver consistently high-quality coffee on set. Our range of coffee equipment can be tailored to suit the size and requirements of your production, from commercial multi-group espresso machines for high-volume service to compact automatic espresso machines that produce excellent coffee in any location. We also offer a wide selection of premium teas, hot chocolate, and other beverages to keep your cast and crew refreshed throughout the day.

Large Unit Truck

Our Large Unit Truck is a complete production-ready unit base designed to comfortably support larger cast and crew. Featuring dedicated catering, makeup, costume and cast holding areas, along with premium coffee facilities, power distribution and essential on-set amenities, it provides an efficient and organised workspace that keeps your production running smoothly.

Medium Unit Truck

The Medium Unit Truck offers a practical and versatile solution for medium-sized productions. Equipped with catering facilities, makeup stations, costume space, premium coffee service and comfortable crew amenities, it provides everything required to establish a functional and welcoming unit base while maintaining a smaller footprint.

Small Unit Truck

Ideal for smaller productions, location shoots and commercials, the Small Unit Truck delivers the essential comforts of a professional unit base in a compact package. Complete with catering facilities, quality coffee service, seating, shelter and on-set equipment, it offers a cost-effective solution without compromising on functionality or crew comfort.

Additional Gear Hire

Complement your unit base with our extensive range of additional equipment, available to tailor your setup to the specific needs of your production. From shelters, generators and power distribution to furniture, makeup stations and crew amenities, our equipment ensures your unit base is fully equipped, functional and ready for any location.

Vehicle, Trailer & Equipment Hire

Double Greenroom

Featuring two private rooms, each fitted with a workbench, private toilet and shower, two-seater couch, fridge, TV, and dual-system air conditioning—designed to provide a comfortable, private and functional space for cast

Duo Toilet Trailers

2 trailers available both male & female sided, equipped with a dual air-conditioned system. Pump out service is required at an additional cost.

12 Seater Van

A versatile 12-seater van equipped with a tow bar and collapsible rear seating, allowing the interior to be quickly reconfigured for transporting trolleys, equipment, and production gear. Ideal for crew transport while maintaining the flexibility to carry essential on-set equipment.

4x4 Dual Cab Utes

Our 4x4 Dual Cab Utes provide a reliable and versatile transport solution for production vehicles, equipment and crew. With impressive towing capacity and off-road capability, they're ideal for accessing remote locations, towing trailers and supporting the day-to-day demands of any production.

Servicing Trailers

Our service trailers provide the essential infrastructure to support a smooth and efficient production. Including fuel, water, generator, sullage and toilet trailers, each is maintained to a high standard and ready to meet the demands of both studio and remote location shoots.
