

Nathaniel Watkins - 2024

Owner of Villain Sound Pty Ltd

I started recording family news broadcasts on a cassette tape recorder when I was eight years old and have been a hopeless audiophile ever since.

Relentlessly investing in the state of the art equipment offered globally for the highest quality in sound, and constantly refining how to achieve the perfect balance on the production so that both On Set and Post can succeed regarding audio.

Aside from the general dozens of Short Films, Indie Feature Films, Doccos, Corporate events and content, News, Sport, live mixing, and general sound recording jobs since I started in 2009, below are notable productions that I am credited with.
